

Dear Friend of the Anti-Choice Project,

In this newsletter we want to share with you some pictures and thoughts from our various ACP chapters across the country, as well as timeless wisdom from fellow effective social reformers.

WE HAVE FALLEN ASLEEP AND NEED TO BE WOKEN OUT OF OUR COMFORTABLE LIVES

In Lincoln, Nebraska, our chapter director Terry St.Hilaire reflected this summer on why he and his family were compelled to join the ACP in our mission of unmaking the truth about abortion:

ACP Lincoln director, Christina St.Hilaire, shares the truth with a passerby during a protest in May 2013.

“History today looks back in condemnation on the Germans during the Holocaust, even on the ordinary German citizen, and says ‘What were they thinking? How could they do this or allow this to happen? Why didn’t they do more to stop this from happening...something...anything? Why didn’t they stand up against this horrible atrocity?’ We look back with the same condemnation on the people in this country who stood by during all the years that slavery was legal, or on those that fought against the civil rights struggle of the 60’s. Abortion is the great injustice of our time, in all actuality a much greater atrocity than the Holocaust or slavery. I don’t want to have future generations condemn me for not having done anything to end this atrocity.

“Nebraska may be a pretty red state, and largely pro-life, but the people there are just as complacent about the murder of countless babies happening every week right in our own neighborhoods. We have fallen asleep and need to be woken out of our comfortable lives and disturbed about the great tragedy happening in our midst.”

“He who passively accepts evil is as much involved in it as he who helps to perpetrate it. He who accepts evil without protesting against it is really cooperating with it.” –Dr. Martin Luther King, Jr.

SEEING IS BELIEVING

Amy Stinnett, the ACP Missoula, Montana chapter director recently commented to us: “Seeing is believing. Like many Americans, I didn’t understand what abortion does to a child until I saw a photo. That’s why I believe the ACP is so effective.”

“God commands us to expose the deeds of darkness in Ephesians 5:11 and there is no deed darker than abortion. When Christians help Planned Parenthood hide the horror of abortion, savable babies are butchered and public opinion will never support outlawing abortion.” –Gregg Cunningham, Director of CBR

ACP Missoula director, Amy Stinnett (Left), stands with one of her volunteers in July, exposing the truth near an abortion facility in Missoula.

EXPOSING ABORTION ACROSS THE USA

The goal of the ACP is to get these pictures in every town of America. Having grown to seven chapters in just four years, we are seeing that goal materialize. With your continued prayers and support we will keep growing, making abortion impossible to ignore or trivialize in these United States.

ACP Kansas City director, April Pearson, protests at a busy intersection in June 2013.

Jim M., an ACP Bremerton volunteer, shows two women the hard truth at a June 2013 protest.

*"There is no activity in the pro-life movement more important and effective than to stand on the streets of America and expose the graphic reality of abortion."
—Fr. Frank Pavone*

ACP Charlotte director, Seth Williams, stands out in front of Planned Parenthood in July 2013.

ACP Seattle director, Damon Frashure, demonstrates with his volunteers outside Northgate Mall in April 2013.
